

EXPERT BOWMAN

Thanks to extensive practice with longbows and shortbows, you can make shots that others find impossible. You gain the following benefits:

- Being within 5 feet of a hostile creature doesn't impose disadvantage on your ranged attack rolls.
- When you make a ranged attack with a longbow or shortbow that you are proficient with the normal range for that weapon is doubled (to 300' for a longbow or 160' for a shortbow). The maximum range is not affected.
- When you roll a 1 on a damage die for an attack you make with a longbow or shortbow, you can reroll the weapon's damage die and must use the new roll. On a critical hit you may reroll both damage.

- When you attack with a bow, you may perform one of the following special combat actions:

1. Disarm (DMG, p. 271)
2. Mark (DMG, p. 271)
